Do you want to stay on top of your HR career and give yourself a competitive advantage when going for job promotions or career moves? These courses will help keep you up to date on current HR trends and help you prepare for either HRCI's or SHRM's Certification Exams. Our participants who have taken their exam have a **90% pass rate!**

You will be provided with a study guide, practice exam questions, workbook, and other multiple study tools to assist you in studying. There are other great HR Cert classes, but you will find few if any at this price.

Classes are limited to 30, choose the course based on either the exam you are prepping for. Part of the profits from these courses goes to helping the next generation of HR leaders attend State and National HR Conferences. ### What Others Have Said

"I really did enjoy your class and found it to be very helpful. Thank you again for sharing your knowledge and insights."

"I thoroughly enjoyed his class. Having over 8 years of experience in HR but learning from on-the-job, this class provided me with a lot of the technical names, laws and language of HR. The way he presented with personal stories and examples provided me with real examples and not just reading from a book."

Taking Tom's SHRM-CP/PHR prep course was crucial to me passing the exam. Every class was packed full of HR knowledge. He gave great tips on how to study for the exam, and on what topics would be covered. I used a combination of notes from this class and the official SHRM-CP study guide (which Tom provides)
